For the price, you really do get a bit too many features when you combine Amazon's Echo smart speakers with Alexa. For that you're better off not investing in an additional unit. As it's just an Echo, it's going to get its share

of abuse and will eventually break down, but for now it's worth keeping to its home for your daily entertainment.

Amazon Echo Price from \$75 for the Echo Dot, available now from: Echo Nest \$80 Echo Nest 2 \$70.. In fact, I'd recommend anyone with VGA or HDMI cables for this. Even with them, you'll have to plug in one side of your TV as a HDMI input, and your DVR will switch to the other. The best solution to this is to put your DVR on an Ethernet channel for fast uploads. It's also important that this set's DVR connect a separate cable to power the TV too. It'll only need one cable, but it's nice to have at all times..
